## BUSINESS MINOR

Students in non-business majors (including B.A. Economics) can elect to complete a business minor in order to develop business acumen. Students interested in adding a minor in business to their academic programs are encouraged to contact a faculty advisor in business to discuss how the minor can assist them in achieving their career goals.

The minor in business is designed to:

- Give students a cross-functional understanding of the business environment.
- Develop understanding of the basic economic, finance, marketing, and management issues facing the firm.
